

CURRENT H1 — CRITICAL

*"Precision in numbers, power in growth Your trusted accounting partner in the UAE"*

SUGGESTED H1

*"Professional Accounting Services in UAE for SMEs & Startups"*

- ✗ Two sentences merged into one H1 — Google may split or truncate it
- ✗ No keyword like "accounting services UAE" — the phrase users actually search
- ✗ Meta title is also just "Accounting - Your Office Partners" — both waste keyword slots
- ✗ Same H1 duplicated on /packages/ page — keyword cannibalization risk

CURRENT H1 — CRITICAL

*"Ensuring Integrity, Empowering Success Your Partner in Seamless Compliance"*

SUGGESTED H1

*"VAT & Corporate Tax Services in UAE — Expert Taxation Consultants"*

- ✗ Word "tax" or "VAT" does not appear anywhere in the H1 — this is a taxation page
- ✗ Exact same H1 as the /compliance/ page — Google cannot differentiate both pages
- ✗ Meta title is "taxation - Your Office Partners" (lowercase) — unprofessional & weak
- ✗ High-value keywords missed: "corporate tax UAE", "VAT registration Dubai"

CURRENT H1 — CRITICAL

*"Let's start your entrepreneurial journey together"*

SUGGESTED H1

*"Business Setup in UAE — Company Formation in Dubai & Free Zones"*

- ✗ Zero keywords — "UAE", "Dubai", "company", "business setup" are all missing
- ✗ Reads like an Instagram caption, not a service page signal for Google
- ✗ Highest-traffic page on your site — this H1 is a major missed ranking opportunity
- ✗ Target keywords: "business setup UAE", "company formation Dubai", "free zone setup"

CURRENT H1 — CRITICAL

*"Ensuring Integrity, Empowering Success Your Partner in Seamless Compliance"*

SUGGESTED H1

*"UAE Business Compliance Services — AML, ESR & Regulatory Support"*

- ✗ Identical H1 to the /taxation/ page — duplicate H1 across two service pages
- ✗ No mention of UAE, AML, ESR, or regulatory compliance — key search terms
- ✗ Meta title is "compliance - Your Office Partners" (all lowercase) — needs capitalisation fix

N/A

Audit

/audit/ – page returned a server error

COULD NOT BE FETCHED

Your /audit/ page returned a server error during this audit. Check that the page is live and not returning a 5xx HTTP error. This alone will harm its Google indexing.

RECOMMENDED H1 ONCE LIVE

"Audit Services in UAE — Statutory & Internal Audit Experts in Dubai"

25/100

Packages

/packages/

CURRENT H1 — CRITICAL

"Precision in numbers, power in growth Your trusted accounting partner in the UAE"

SUGGESTED H1

"Accounting & Business Service Packages in UAE — Flexible Plans for Every Business"

- ✗ Exact duplicate of /accounting/ H1 — Google will demote one of the two pages
- ✗ No mention of "packages", "pricing", or "plans" — the entire purpose of the page
- ✗ Meta title "packages - Your Office Partners" is also lowercase and keyword-free

38/100

Support Services

/support-services/

CURRENT H1 — WEAK

"Guiding you through your entrepreneurial journey"

SUGGESTED H1

"PRO Services, Payroll & WPS Support for UAE Businesses"

- ⚠ No mention of Payroll, PRO services, WPS, visa — the actual services on this page
- ⚠ Very similar in tone to /business-setup/ H1 — pages feel identical to Google
- ⚠ Meta title "support services - Your Office Partners" is also lowercase

62/100

IT Services

/it-service/

CURRENT H1 — BEST ON SITE

"IT Services That Power Your Business"

IMPROVED H1

"IT Services for Businesses in UAE — Web, Cloud & HR Software Solutions"

- ✓ Good — contains "IT Services" and reads as a clear service page
- ⚠ Missing geographic signal — "UAE" or "Dubai" would boost local search ranking
- ⚠ Could include sub-services: "web development", "cloud", "HR software" for long-tail reach
